

Woodsage Joins the Conveyor & Sortation Systems Group of MHI (CSS)

HOLLAND, OHIO - May 4, 2022 - Woodsage LLC is pleased to announce the recent approval of our application to join the **Conveyor and Sortation Systems Group of MHI (CSS)** at the 2022 MHI Spring Meeting in Charlotte, North Carolina.

MHI member companies can join any of MHI's Industry Groups or the Solutions Community. Industry Groups share information and conduct research to stay at the forefront of their industry. Typical Industry Group activities include industry statistics collection, standards development, technical publications, public relations, promotion of safety, and member and user education. The Solutions Community brings MHI members together with equipment and systems users to collaborate and address common challenges and opportunities in manufacturing and supply chain in a safe harbor environment.

The CSS Industry Group of MHI has been recognized since 1971 for its leadership in the design, manufacturing and supply of conveyor and sortation systems equipment, components and technology. CSS provides its members unique networking opportunities, access to industry trend data, industry education and increased market presence.

For more information about MHI Industry Groups, please visit mhi.org/industrygroups.

About Woodsage

Founded in 1975 as a steel tube swaging company, Woodsage has evolved its product mix and manufacturing techniques to produce high-quality conveyor system rollers, aftermarket motorcycle exhaust systems/components and unique tube-based fabricated products. The company produces more than 1 million parts per month.

Woodsage is a world-class, ISO 9001:2015 certified supplier that provides outstanding engineering and customer support in tandem with the industry's best on-time delivery and shortest lead times. The company utilizes traditional manufacturing equipment, the latest spinning and CNC technology and a highly experienced workforce that puts Made-in-USA quality into every product.

About MHI

MHI is an international trade association that has represented the material handling, logistics and supply chain industry since 1945. MHI members include material handling and logistics equipment and systems manufacturers, integrators, consultants, publishers and third-party logistics providers. MHI offers education, networking and solution sourcing for their members, their customers and the industry as a whole through programming and events. The association sponsors the ProMat and MODEX expos to showcase the products and services of its member companies and to educate manufacturing and supply chain professionals on the productivity solutions provided through material handling and logistics.
